

Pueblo City Schools

MORTON

Elementary School

Parents, please complete the survey for Morton Elementary for the Peer Relations Survey. I am attaching the instructions on how to log in to the survey. It is very important to complete the survey so we can see how you view peer relationships within our building.

The assessment is done entirely online and collects feedback from all stakeholders: the teachers, students, and parents (the assessments are very short . . . each can be completed in just a couple of minutes).

To take the survey, simply do the following:

- 1) The student, school staff or parent will access www.TetraStart.com through any common Internet browser from any device with access or connection to the Internet;
- 2) Enter the 6-digit code; **Parent Access Code: 548593**
- 3) Complete and close the assessment (for each person, the assessment should not take longer than 3-5 minutes)

Please complete by May 26th.

Thank you so much!!!

Morton Elementary
